Michelle Cha has been a dental assistant at my office, Mukilteo Dental Arts for about 15 years. She was a very honest and hard working employee. She was very organized, responsible, and very punctual. She got along very well with all the patients here. My office would not have been the same without her. I sincerely give my full recommendation for Michelle Cha. I have absolutely no doubt that she will be a great student at PIMA, and an even greater dental hygienist.

Thank you for your time and support!
